Category: More
business description: You're at our beloved butcher shop, where the meat comes exclusively from purebred Piedmontese cattle and the selection of pasture-raised cattle guarantees the authenticity of the products of this superb butcher and farmer, Lauro Micco. Here you'll find veal steaks and lean pork sausage; don't miss the Quajeti, grandmother's rolls, boiled meat, head, and, during the colder months, the legendary fatty ox! Winner of the Golosario Award in 2008, it represents a complete supply chain butcher shop: from farm to butcher shop.
