business description:

A return to the past and to the specialities of Golosario. You are in an ancient bar that has managed to combine beauty of the place and the furnishings (the counter dates back to its foundation in 1764) with a careful selection of products. Embellished with jars and glasses similar to those of a pharmacy, it is home to Torrefazione Ponchione coffee from Asti, tuna from Carloforte, liqueurs from Palent, jams from Sinatra and the San Matteo farm. There are also the typical agnolotti of Monferrato and, to accompany them, a small selection of Italian wines, spirits and Champagne. The pasta brands include Felicetti and Pastificio Martelli and the chocolates, those of Gobino and the creations of Odilla Chocolat.
