Il Melograno

Category: Restaurants and taverns
business description: Going out to a restaurant for lunch or dinner is always a pleasure, indeed it is the sum of pleasures. The pleasure of discovery, good food and conviviality come together.

Melograno of Terruggia is located in a lovely house made of "tufo" on the square of a fascinating village of Monferrato which is worth the journey alone. Once the old hay barn of a rural home, since 2001, Melograno has been a welcoming venue where the pleasure of tasting combines with the charming ambiance.
